Hi Michael,

We actually already have this location plotted for an ALB receptacle. We have not yet received our inventory of ALB's for this year. When shipment arrives we will begin deployment and I will follow-up with you by email at that time.

Thanks.

Hello,

Leo retired last year but I am deferring this request to our Superintendent in charge of street sidewalk litter bins, Gab Miranda copied within.

Hello Leo & Arman,

Happy new year! I wanted to reach out to you to see if there are any more of those ALB receptacles available.

We could really use one on the north west corner of Wilshire Blvd. and Vermont Ave. (in front of the Shell gas station). I believe the address is [3201 Wilshire Blvd](#). The metal one we had there for many years has been badly damaged and we had to remove it last week.

Is there any chance we would get one of the black ALB receptacles that you guys installed in the district last year at this location? Please let me know.

Please see attachments for more info.

Thank you,
Michael Russell
